Special Provision for Wood Fence Sight Screen

April 19, 2019

This special provision was developed by the Central Bureau of Materials in accordance with AASHTO Standard Specifications to allow more preservative treatment options for wood fence sight screens

This special provision should be inserted into all contracts requiring a wood fence sight screen.

The districts should include the BDE Check Sheet marked with the applicable special provisions for the August 2, 2019 and subsequent lettings. The Project Coordination and Implementation Section will include a copy in the contract.

This special provision will be available on the transfer directory April 19, 2019.
