

AGREEMENT

between

ASSOCIATED GENERAL CONTRACTORS OF ILLINOIS

and

INTERNATIONAL UNION OF OPERATING ENGINEERS

Local Union #965

AFL-CIO

covering

All public or private construction, demolition, alteration, repair, maintenance, excavation, production and other work performed by the Employers who are parties to this Agreement.

including

Open, heavy, highway, bridge, street, sewer, levee, drainage, dredging; water, gas and oil lines; railroads, airports, docks, wharves, piers, shipyards, sea walls, river work, tunnels, subways, dams, reservoirs; temporary sand and gravel pits, rock quarries and material yards; land clearing and development, drilling operations; all underground cables.

Effective: May 1, 2022

Expires: April 30, 2027

3520 East Cook Street
Springfield, Illinois 62708-3025

PREAMBLE

THIS AGREEMENT is hereby made and entered into this 1st day of May, 2022, by and between the Associated General Contractors of Illinois, hereinafter referred to as the "Employer," and Local Union No. 965, of the International Union of Operating Engineers, hereinafter referred to as the Union, WITNESSETH THAT:

WHEREAS, it is believed that the interest of the general public, the Employer and the Union can best be served if a workable Agreement exists between and among the parties hereto, in the efficient and productive employment of operating and apprentice engineers on all classes of public and private work engaged in by the Employer in the counties of Illinois hereinafter listed; and

WHEREAS, operating and apprentice engineers should be paid and should be willing to work on a scale and basis commensurate with their skill and knowledge of their trade and in keeping with the wages and the standard of living in the district wherein their work is performed; and

WHEREAS, the parties hereto desire to enter into an Agreement relating to wages, hours and other terms or conditions of employment of employees represented by the Union; and

WHEREAS, it is the desire and intent of the parties to provide orderly collective bargaining relations and prompt and equitable disposition of grievances, to maintain fair wages, hours and working conditions, to prevent strikes and lockouts and to represent the interest of the general public, the industry and the craft; and

WHEREAS, the Employer has recognized the Union as the exclusive bargaining agent for all (journeymen and apprentice) operating engineer employees for the purpose of collective bargaining with respect to wages, rates of pay, hours and other terms or conditions of employment.

IT IS THEREFORE UNDERSTOOD AND AGREED by and between the parties hereto as follows.

ARTICLE 1 CRAFT JURISDICTION

It is mutually understood and agreed by the parties hereto that the craft jurisdiction of the Union shall cover and apply to all persons engaged in performing the following duties or classifications of work:

All persons engaged in erecting, dismantling and repairing, operating or assisting in operating, erecting, dismantling, or the repair of all hoisting and portable machines, all refrigerating machines or units and engines used on open and heavy construction work; all hoisting and portable machines and engines used in or upon wrecking, digging, boring, building and erecting, foundations, tunnels, and subways, dams, reservoirs, disposal plants, bridges, railroads, streets (paving and repair), road building construction (including grading and repair), sewers, water, gas and oil lines, underground cables, allotment development construction, harbor and river dredging, the construction and repair of all docks, wharves, piers, and seawalls; temporary sand, gravel and stone pits; temporary quarries and material yards (permanent and temporary), sand, rock and gravel screening machines; motor generators (when used for welding and cutting or for converting or

transforming electric currents irrespective of their motive power); all machines used to sweep, clean and remove debris and snow from streets and roads; all mine hoists, telfers, grab buckets, pumps, siphons, pulsometers, generators, concrete mixers (irrespective of capacity), concrete pumps of all sizes and capacities, stone crushers, air compressors, all watertest and blasthole drilling machines; all sandblasting and other machines and boilers used in the cleaning and washing or for the heating of materials or heating water, or furnishing steam for the operation of all machines, engines and other appurtenances herein specified; all locomotive, tractor and truck type cranes; all derricks, boom hoists (of all descriptions and capacities), and automatic hoists; house and all elevators, man lifts used for hoisting material or lowering debris; all street rollers, steam and other types of scoops, pull shovels, mucking machines, draglines and cable-ways; all clamshell and orange peel buckets when used in connection with any machine or derrick or boom hoist for excavating, handling, storing, loading or unloading materials; all land and floating pile drivers, floating derrick barges and boats, floating and self-propelled dredges and rock drilling plants; all dinkey and standard locomotives, derrick cars, tractors and all tractor propelled machinery; all power and elevator graders, scarifiers, bulldozers, loaders, all trenching and ditching machines, all mechanical hoe-type machines, backfillers and conveyors; all cranes, including overhead cranes, derricks, scissor hoists when used strictly to hoist or stockpile materials, machines, engines, and boilers used in asphalt and concrete mixing plants and all other engines and machines (irrespective of motive power) used on construction work which shall specifically include all fork lifts - wheel types, track types, either gas, diesel or electric, all water pumps (irrespective of horsepower), gas, diesel, electric, or air, all motor driven welders, generators, or light plants, gas, diesel, or electric driven, self-propelled sheepsfoot or compaction roller of any type or size (irrespective of horsepower); pulverizer, or vibratory compactors, helicopter service when used in lieu of equipment covered by this Agreement, mechanical space heaters, autograde; formless paver, autograde placer, vibratory hammer (power source) and finisher and similar equipment, or in the loading, unloading, or storage of commodities at or in terminals and all other engines and machines within the craft jurisdiction of the Operating Engineers.

ARTICLE 2-A REFERRAL OF APPLICANTS

In order that the Employer shall have a competent working force and to promote efficiency and safety of operation, the Employer and the Union agree that:

- a. The Union shall maintain a list of persons available for employment.
- b. The Union shall be the sole and exclusive source of referral of applicants for employment. The Employer shall request the Union to refer applicants as required and shall not solicit applicants directly and shall not in any manner circumvent the Union in the recruitment of applicants for employment.
- c. The Employer in requesting referral of applicants shall specify to the Union (1) the number of applicants to be employed, (2) the work to be performed, (3) the location of the project, (4) the nature of the project, and (5) such additional information as is deemed pertinent by the Employer in order to enable the Union to make proper referral of applicants.

d. The Union will not discriminate, either in the maintenance of the list or in its referrals for employment, against any person because of his membership or non-membership in the Union. Selection of applicants for referral shall not be based on, or in any way affected by Union membership, bylaws, rules, regulations, constitutional provisions, or any other aspect or application of Union membership, policies or requirements. Neither the Union nor the Employer shall discriminate in any way whatsoever against any employee or applicant for employment for reasons of race, color, religion, national origin, age, sex, disabilities, Vietnam-era veterans, disabled veterans or any other characteristic protected by law.

e. All such referrals for employment shall be in accordance with the following procedures:

1. An applicant must have maintained his permanent residence in the geographical area of Adams, Brown, Cass, Christian, DeWitt, Logan, Macon, Menard, Morgan, Piatt, Pike, Sangamon, Schuyler, Scott or Shelby Counties for a period of two (2) years, or who, having had a permanent home in said area, has temporarily left with the intentions of returning to said area as his permanent home.

2. The Union and the Employer agree that the Union shall operate a referral system in compliance with the National Labor Relations Act and applicable law. Registration and referral of the applicants shall be by group and each applicant shall be registered in the highest group for which he is qualified. Referral of prospective employees shall be first from Group A, then Group B, Group C, Group D and Group E. Registrants shall retain their existing classification or be grouped according to the Union's referral rules as follows:

Group A: All applicants who have at least four (4) years of employment under a Local 965 collective bargaining construction agreement.

Group B: All applicants who have less than four (4) years of employment but at least three (3) years of employment under a Local 965 collective bargaining construction agreement.

Group C: All applicants who have less than three (3) years of employment but at least two (2) years of employment under a Local 965 collective bargaining construction agreement.

Group D: All applicants with less than two (2) years of employment under a Local 965 collective bargaining construction agreement.

Group E: All other applicants for employment.

Employees shall lose the length of service credits for time worked if there is a continuous break of five (5) years in their length of service under a construction agreement, or if they show intent to cease working at the craft in this geographical area by taking a transfer, withdrawal or in any other way.

A crane trainee list will be developed. In order to qualify for this list an Operator must successfully complete a 40-hour Preparation for Crane Operation Class, pass a test and must successfully complete a 40-hour crane maintenance class. These crane trainees shall receive the first preference for all oiler positions on the referral list.

3. Applicants for referral shall fill out a work qualification form supplied by the Union prior to their being placed upon the referral register. Each applicant for referral on the said referral list shall be required to re-register for referral by the first business day of each calendar month in order to maintain his position on the referral list. The referral office shall be open for registration for four (4) hours during normal business days. Applicants must complete and keep current a qualification card which lists their qualifications. If an employee is terminated two (2) times because an Employer claims the employee cannot operate equipment placed on the qualification card, the employee cannot list that piece of equipment on his/her qualification card unless the Union verifies that the employee can satisfactorily operate that piece of equipment.

4. The Union shall refer to the Employer in the order of registration on the referral list such applicants as are competent to fulfill the requirements of the positions sought to be filled and who have acquired the experience and possess the requisite skills for the fulfillment of the vacant positions as specified by the Employer. If requested by the Employer, the Union, if no qualified and competent applicants are registered, shall furnish applicants from any source that is available.

5. The referral list is open only to applicants who are actively seeking work under a Local 965 collective bargaining construction agreement.

6. Any person referred to work on a job(s) that lasts at least ten (10) working days or who is terminated for cause shall be removed from the list and must re-register when out of work. Any person who attempts to evade the ten-day rule by quitting or asking for a layoff will be placed at the bottom of the list. Temporary replacement work is not counted.

f. The Employer shall have the right to accept or reject, to employ or not to employ for just cause any applicant referred by the Union, subject to the right of such applicant to invoke the grievance procedure contained in this agreement. An applicant rejected by the Employer shall be returned to his place on the referral list and shall be referred to other employment in accordance with his position on said list, subject to competency and experience.

g. The Employer shall be the sole judge of and have the right to determine the number of employees required on any job. There shall be no restrictions as to the use of machinery, tools or appliances, subject to the other provisions of this contract.

h. If for any reason the referral office is unable to furnish qualified and competent applicants within twenty-four (24) hours from the time the request is made to the referral office (providing the said twenty-four (24) hours does not include Saturdays and Sundays or holidays), the Employer may secure applicants from any other sources. The Employer shall furnish to the referral office the names and addresses of such new employee within twenty-four (24) hours.

i. No supervisor in the employ of any Employer who holds union membership shall be bound or in any way affected in the performance of his duties for the Employer, including hiring, by any obligation of union membership, by-laws, rules and regulations, or the Constitution of the Local or International Union.

j. The provisions of this Article shall be posted by the Union at its offices where notices to applicants for referral are customarily posted.

k. An applicant for employment who is aggrieved by an action of the Union with respect to the registration or referral under this provision or who is aggrieved by an action of the Employer in connection with hire hereunder, may, within ten (10) days of the occurrence of the event which constitutes the basis for the grievance, file a written statement of the grievance with the Union and the Employer. Upon such filing, the grievance shall be considered and disposition thereof made within ten (10) days by a Board consisting of a representative of the Union, a representative of the Employer, and an impartial chairman appointed jointly by the Employer and the Union. Such Board shall consider the grievance and render a decision which shall be final and binding. An Employer signatory to this Agreement may file a grievance against the Union with respect to referral of employees. Such grievance shall be processed in the same way as stated in this Article.

The Board is authorized to issue procedural rules for the conduct of its business, but is not authorized to add to, subtract from, or modify any of the provisions relating to the referral arrangement. The cost of the third member shall be borne equally by all parties involved.

l. The Union agrees that it will indemnify and save the Employer harmless from any and all claims and damages that the Employer might suffer as a result of the Union's operation of the said referral office.

ARTICLE 2-B REQUEST FOR REFERRALS

An Employer desiring the services of a specific applicant registered may request his referral in writing to the referral office, and if such applicant was employed by the Employer in the geographical area for at least ninety (90) calendar days in the eighteen (18) months before the request, said applicant shall be referred to such Employer.

ARTICLE 2-C UNION SECURITY

Section 1. It is agreed that all employees coming under the terms of this Agreement shall be or become members of the Union, as a condition of employment as authorized in Section 8 (A) (3) and 8 (F) of the Labor-Management Relations Act of 1947 and the Labor Management Reporting and Disclosure Act of 1959, which among other things provides, where a proper contract so states, in the construction field, for non-members to become members thereof after the seventh (7th) day following the beginning of employment, provided further that no Employer or the union shall discriminate against an employee to whom membership was not available on the same terms and conditions generally applicable to other members, or if membership was denied the employee or terminated for reasons other than the failure of the employee to tender the periodic dues and initiation fees uniformly required as condition of acquiring or retaining membership.

Section 2. It is provided that employees not members of the Union shall make application for membership and start paying monthly dues and the initiation fee on the eighth (8th) day following the beginning of employment, and shall then be given sixty (60) days following the signing or the making of application to pay the initiation fee in full, and any employee who fails to meet this requirement or to continue in good standing in the payment of his dues, shall be removed from the job upon written notice from the Union.

a. This section shall not preclude the voluntary choice of applicant employees to make partial or whole initiation fee payments at any time during the eight (8) days' period following the beginning of employment with an Employer.

b. Nothing contained herein shall preclude the Union from assessing a service charge to all persons who utilize the above said facilities of the Union, which amount shall be reasonably related to the pro rata cost of maintaining said facilities.

ARTICLE 3 EXCEPTIONS

Section 1. This Agreement shall not apply to permanent sand and gravel pits, permanent rock quarries, permanent ready mixed concrete plants, and permanent material yards. Where an existing Agreement is in force this Agreement shall not apply.

Section 2. This Agreement shall not apply to superintendents, foremen, clerks, and master mechanics with supervisory authority.

ARTICLE 4 GEOGRAPHICAL AREA

This Agreement shall cover work done in the following counties in the State of Illinois in which the Union maintains territorial jurisdiction: Adams, Brown, Cass, Christian, DeWitt, Logan, Macon, Menard, Morgan, Piatt, Pike, Sangamon, Schuyler, Scott and Shelby.

ARTICLE 5 SUBCONTRACTORS

Whenever work covered by the terms of this Agreement, to be done or performed at the site of construction, is sublet or subcontracted to another Employer, such work as is within the work classifications of this Agreement shall be performed by said subcontractor under the terms and provisions of this Agreement including the referral procedure, working hours and overtime, equipment classifications, wages and fringe benefits (including Supplemental Dues Checkoff). The Employer shall assume all responsibility for the subcontractor. In cases where the Union and the Employer mutually agree, the Employer's employee may be placed on the subcontractor's payroll.

ARTICLE 6 GRIEVANCE AND ARBITRATION

Section 1. There shall be no strike, slowdown, stoppage of work or lockout on account of any difference of opinion or dispute which may arise between the Employer and the Union relative to the interpretation of this Agreement. Jurisdictional disputes are not a part of, or resolved by the procedures set forth in this Article.

Section 2. Any employee that has a grievance shall state it to his foreman within five (5) days of the aggrieved action or within five (5) days of having knowledge of the aggrieved action. If the complaint is not settled at this time, it shall be referred to the job steward and superintendent. If they cannot settle the dispute within twenty-four (24) hours, the complaint shall be referred to representatives of the Union and Employer. If the complaint is not resolved

at this meeting, it shall be reduced to writing stating complaint, contract provision violated and remedy requested and referred to the Business Representative and the Employer. If the matter is not settled within forty-eight (48) hours by a representative of the Union and a representative of the Employer, it shall be submitted to the procedure set forth under Section 3 of this Article. Time limits may be extended by mutual agreement.

Section 3. If the procedure outlined in Section 2 fails to bring about a satisfactory and prompt adjustment to the question in dispute, then the party initiating the action shall have the right to submit, in writing, the unresolved grievance to final and binding arbitration, as set forth herein. At the request of the moving party, both parties shall jointly request in writing from the Federal Mediation and Conciliation Service (F.M.C.S.) a panel of five (5) potential arbitrators from which panel each party shall strike one name with the moving party striking the first name. The remaining member of the panel shall serve as the sole arbitrator. The arbitrator shall conduct a hearing as soon as is practicable and render a written decision without undue delay, which decision will be final and binding. However, there shall be no arbitration to offset the plain language of the Agreement. The Arbitrator shall have the authority to issue a binding award requiring compensation to a grievant for any loss of pay resulting from the violation of this Agreement, providing the determination is made solely from the content and wage rates listed in this Agreement without any modification or alteration of terms. Each party shall pay its own expenses and one-half (1/2) the expenses of the arbitrator.

ARTICLE 7 EQUIPMENT CLASSIFICATIONS, WAGE SCALE AND FRINGE BENEFITS

Section 1. Equipment Classifications: The hourly wage scales, as set forth in Section 2, shall be the minimum rates to be paid for the following equipment classifications.

CLASSIFICATION NO. 1

- ASPHALT SCREED MAN
- ASPHCO CONCRETE SPREADERS
- ASPHALT PAVERS
- ASPHALT PLANT ENGINEER
- ASPHALT ROLLERS ON BITUMINOUS CONCRETE
- ASPHALT TRANSFER MACHINE
- ATHEY LOADERS
- BACKHOES
- BULLDOZERS
- CABLEWAYS
- CAISSON VERTICAL DRILLS
- CARRY DECK PICKERS
- CHERRY PICKERS (ROUGH TERRAIN)
- C.M.I. & similar type-autograde formless paver, autograde placer & finisher
- CONCRETE BREAKERS
- CONCRETE PLANT OPERATORS
- CONCRETE PUMPS
- DERRICKS
- DERRICK BOATS
- DEWATERING SYSTEMS

EARTH AUGER OR BORING MACHINES
ELEVATING GRADERS
ENGINEERS ON DREDGES
GRADEALL
GRAVEL PROCESSING MACHINES
GROUT PUMP
HEAD EQUIPMENT GREASER
HIGH LIFTS OR FORK LIFTS
HOISTS with two or more drums or two or more load lines
HYDRO JET OR HYDRO LASER
LOCOMOTIVES, ALL
MECHANICS
MOTOR GRADERS or AUTO PATROLS
MULTI-POINT POWER LIFTING EQUIPMENT
OPERATORS OR LEVERMAN ON DREDGES
OPERATORS, POWER BOAT
OPERATORS, PUG MILL (ASPHALT PLANTS)
OVERHEAD CRANES
PAVING MIXERS
PILEDRIVERS
PIPE WRAPPING AND PAINTING MACHINES
PUSHDOZERS, or PUSH CATS
ROBOTIC CONTROLLED EQUIPMENT IN THIS CLASSIFICATION
ROBOTIC HYDRO-DEMOLITION CUTTING HEAD
ROCK CRUSHERS
ROSS CARRIER OR SIMILAR MACHINES
ROTO-MILL (Both top and bottom man)
SHEEP-FOOT ROLLER (SELF PROPELLED)
SHOVELS
SKID STEER
SKIMMER SCOOPS
TEST HOLE DRILLING MACHINES
TOWER MACHINES
TOWER MIXERS
TRACK TYPE END LOADERS
TRACK TYPE FORK LIFTS OR HIGH LIFTS
TRACK JACKS AND TAMPERS
TRACTORS, SIDEBOOM
TRENCHING OR DITCHING MACHINE
TUNNELLUGGERS
VERMEER-TYPE SAWS
WHEEL TYPE END LOADERS
WINCH CAT
SCOOPS, ALL OR TOURNAPULL

CLASSIFICATION NO. 2

AIR COMPRESSORS (six to eight) *
ARTICULATED DUMPS**

ASPHALT BOOSTERS AND HEATERS
ASPHALT DISTRIBUTORS
ASPHALT PLANT FIREMAN
BOOM OR WINCH TRUCKS
BULL FLOATS OR FLEXPLANES, Rideable
CONCRETE FINISHING MACHINE
CONCRETE SAWS, SELF-PROPELLED
CONCRETE SPREADING MACHINES
CONVEYORS (six to eight) *
GENERATORS (six to eight) *
GRAVEL OR STONE SPREADER, POWER OPERATED
HOIST, AUTOMATIC
HOIST with One Drum and One Load Line
LIGHT PLANTS (six to eight) *
MECHANICAL HEATERS (six to eight) *
MUD JACKS
OFF ROAD WATER WAGONS**
OILER on Two Paving Mixers When Used in Tandem
POST HOLE DIGGER, MECHANICAL
ROBOTIC CONTROLLED EQUIPMENT IN THIS CLASSIFICATION
ROAD OR STREET SWEEPER, SELF-PROPELLED
ROLLERS (except bituminous concrete)
SCISSOR HOIST
SEAMAN TILLER
STRAW MACHINE
VIBRATORY COMPACTOR
WATER PUMPS (six to eight) *
WELL DRILL MACHINES

CLASSIFICATION NO. 3

AIR COMPRESSORS (one to five) *
AIR COMPRESSORS, TRACK OR SELF-PROPELLED
BULK CEMENT BATCHING PLANTS
CAISSON VERTICAL DRILL HELPER
CONVEYORS (one to five) *
CONCRETE MIXERS (Except Plant, Paver, or Tower)
FIREMEN
GENERATORS (one to five) *
GREASERS
HELPER ON SINGLE PAVING MIXER
LIGHT PLANTS (one to five) *
MECHANIC HELPERS
MECHANICAL HEATERS (one to five) *
OILERS
POWER FORM GRADERS
POWER SUB-GRADERS
PUG MILLS when used for other than Asphalt operation
ROBOTIC CONTROLLED EQUIPMENT IN THIS CLASSIFICATION

TRACTORS without power attachments, regardless of size or type
TRUCK CRANE OILER AND DRIVER (1 man)
VIBRATORY HAMMER (power source)
WATER PUMPS (one to five) *
WELDING MACHINES (one 300 Amp. or over) *
WELDING MACHINES (one to five) *

*Combinations of one to eight of any Air Compressors, Conveyors, Welding Machines, Water Pumps, Light Plants or Generators shall be in batteries or within 400 feet and shall be paid as per the Classification Schedule contained in this Article.

**Except where provisions of a prior agreement prohibit or where a contractor has established a practice of assignment to a different craft.

CLASSIFICATION 4

LATTICE BOOM CRAWLER CRANE
LATTICE BOOM TRUCK CRANE
TELESCOPIC TRUCK-MOUNTED CRANE
TOWER CRANE

All Classification 4 Operating Engineers shall have a crane certification from an accredited certifying agency that is nationally recognized by federal OSHA. Employers may request certified operators on any hoisting equipment. However, if an Employer requests operators with crane certification they shall pay the Classification 4 rate. It is mutually agreed and understood that if an Employer requests an operator that is certified by an accredited certifying agency that is nationally recognized by federal OSHA and none are available, then the referred or hired employee will not be paid the Class 4 rate.

SELF CONTAINED EQUIPMENT

Self-contained equipment includes the following: Mechanical heaters, air compressors, (up to and including 600 cubic feet), conveyors, generators, light plants, welding machines, (one 300 amp. or over), water pumps (6 inch and under) and concrete plant pig.

An operator may be required to tend one (1) piece of self-contained equipment (must start, stop, and maintain) while continuing to operate his assigned machine.

On jobs where there is a crane or similar machines and self-contained equipment requiring only starting, stopping and maintenance, the helper may tend up to one piece of such equipment within 400 feet of his assigned machine.

Operators will not man TWO (2) INCH submersible electric pumps, small generators, (10 KW and under) and small compressors (up to 40 CFM); however, this equipment will remain the jurisdiction of the Union.

Whenever this type of equipment is used in groups to produce an increased capacity, or combinations which produce the equivalent capacity of manned equipment, they will be manned in accordance with the terms of this Agreement.

PROVISO NO. 1

- a. When employees are employed on machines or classifications of work which are different from the machines or classifications of work mentioned herein and when the machine or classification of work cannot be identified as within one of the aforementioned classifications, then the wages shall be negotiated by and between the Employer and the Business Manager or Business Representative of the Union.
- b. Machines and classifications of work, as mentioned in paragraph (a) above, shall be confined to the craft jurisdiction of the Union.

PROVISO NO. 2

Cranes with booms of 101 ft. through 150 ft. including jib, shall be compensated an additional one dollar (\$1.00) per hour over and above the regular wage scale for operating such crane. Cranes with booms of 151 ft. through 200 ft. including jib, shall be compensated an additional two dollars (\$2.00) per hour over and above the regular wage scale for operating such crane. All employees operating cranes with booms 201 ft. and over, including jib, shall be compensated an additional two dollars and fifty cents (\$2.50) per hour over and above the regular wage scale for operating such crane.

PROVISO NO. 3

UNDERGROUND CONSTRUCTION - such as underground domes, shafts, and tunnels - \$1.00 per hour wage increase over negotiated wage for such machine, underground.

Employees working under air pressure shall receive \$1.00 per hour over negotiated wage rate, plus the underground rate, if applicable. This paragraph shall not apply to ventilation.

PROVISO NO. 4

No employee shall contract, subcontract, or do other work which will interfere with the work schedule of his current Employer. Any employee found to be in violation of this shall be subject to immediate discharge with no recourse.

PROVISO NO. 5

When a stationary tower crane is used, the Employer shall have the option of employing an operator and helper, or just an operator. In case he employs just an operator, the operator shall be guaranteed forty-five (45) hours' pay (forty [40] regular and five [5] overtime) for the regular work week, plus any other overtime he may be required to work. His wages shall be the long boom rate, plus one dollar (\$1.00) per hour. The crew shall be employed from the start of erection to the completion of dismantling. The Employer shall decide at the pre-job conference which option he desires.

PROVISO NO. 6

Hazmat/Asbestos Removal Pay

Operating Engineers who are Hazmat certified and are required to wear protective clothing on Hazardous Waste or Asbestos Removal projects shall receive a one dollar (\$1.00) per hour wage premium for Level C, one dollar and fifty cents (\$1.50) per hour wage premium for Level B and two dollars (\$2.00) per hour premium for Level A.

Section 2. Wage Scale and Fringe Benefits.

	<u>5/1/2022</u>	<u>5/1/2023*</u>	<u>5/1/2024*</u>	<u>5/1/2025*</u>	<u>5/1/2026*</u>

CLASS 4	76.81	79.31	81.89	84.55	87.30

*Should the local union desire to distribute any part of the above negotiated wage increase into the existing negotiated funds in different amounts than specified above, it may do so upon sixty (60) days' written notice to the Association, prior to the effective date of the new increase, provided that at no time will the wage rate decrease, as such is prohibited by the Illinois Department of Labor, whereupon, an addendum in writing describing such change(s) shall be incorporated in this Agreement.

Local 965 will provide the AGCI with a copy of the annual funding report from the Central Pension Fund as required by the Pension Protection Act of 2006.

**ARTICLE 8
PUMPS**

Pumps and all required attachments shall be installed, operated, maintained, and removed by bargaining unit members at all times, subject to the following:

a. Electric Submersible pumps 2" and under - The Employer may use up to eight (8) 2" and under electric submersible pumps without manning. Over eight (8) pumps, a bargaining unit employee would be paid \$1.00 for each hour pumps in excess of eight (8) run.

b. Pumps 6" and under - An oiler/helper on the project may be assigned to man up to four (4) pumps 6" and under on a single shift basis and will be paid as follows:

(1)	1 pump	Class 3
(2)	2 to 4 pumps	Class 2

c. Pumps not covered by Paragraphs "a" or "b" above may be manned by one (1) pump operator on a single shift basis and paid as follows:

Up to 5	Class 3
6 to 8	Class 2
Excess of 8 in reasonably close proximity	Class 1

d. Pumping beyond a single shift operation - Electric Submersible Pumps - Outside normal single shift hours, the bargaining unit employee assigned to the electric submersible pumps in accordance with Paragraph "b" and "c" above, shall be paid \$1.00 for each hour said pumps are operated but not manned.

e. Pumping beyond a single shift operation - other than electric submersible pumps - Pump operator shall man any number of pumps other than electric submersible and shall be compensated in accordance with Paragraph "c" above.

**ARTICLE 9
WORKING HOURS AND OVERTIME**

Section 1. Eight (8) hours shall constitute a regular day's work and forty (40) hours a regular week's work, Monday through Friday, inclusive. The starting time shall be 7:00 A.M. Sunday through Saturday. However, in order to meet seasonal conditions or special conditions specified by the awarding authority(ies), the starting time may be changed weekly to 6:00 A.M. or 8:00 A.M. with prior notice to the union hall or job steward, and forty-eight (48) hours' notice to the employee(s). Any employee called out for work during a shift shall be paid from the start of that shift.

Where legal, the Employer may choose the option of working four (4) ten (10) hour days, Monday through Thursday, at the straight time rate. A ten (10) hour day may be worked on Friday with all hours, up to ten (10), or up to forty (40) for that week being paid at the straight time rate, provided those hours were lost due to weather conditions or equipment breakdown on Monday through Thursday. The payroll period must be such that no more than forty (40) straight time hours will be paid on any paycheck. Any new employee starting during the calendar week will be paid in the

same manner as the rest of the Operating Engineers on the crew. This option may be exercised weekly and shall remain in effect for the entire week.

Section 2. When a single shift is worked, any time worked during the lunch period, or before or after the scheduled hours of the shift and any time worked on Saturdays, shall be paid for at the rate of time and one-half; except that time worked on Sundays, and holidays as defined in Article 11, shall be paid for at double time. Any employee working past 6:30 P.M. shall be allowed one-half ($\frac{1}{2}$) hour at the overtime rate of pay for supper period.

Section 3. All overtime except Sundays and Holidays shall be paid at the rate of time and one-half.

Section 4. The regular lunch period shall be at the mid-point of the shift. Should circumstances require, the lunch period may be adjusted to thirty (30) continuous minutes between one-half ($\frac{1}{2}$) hour before and one-half ($\frac{1}{2}$) hour after the regular lunch period.

Section 5. All engineers shall be allowed up to two (2) hours' time to vote with no deduction in pay for loss of time providing enough time is not available before or after regular working hours due to distance to and from work. This shall apply to State and Federal elections only.

ARTICLE 10 SHIFT WORK

Section 1. Work may be performed in shifts, of equal length, at the election of the Employer, but in no case for less than three (3) consecutive workable days. The working hours for a two-shift job shall be by agreement between the Employer and the Business Representative. If the first shift is required to work different hours than the regular hours on a one-shift job, the shift differential shall apply. The starting time on a three-shift job shall be 8:00 A.M., which shall be regarded as the first shift on the calendar day. On all three-shift work, the first shift shall end at 4:00 P.M.

Section 2. When two shifts are worked, eight (8) hours, plus one-half ($\frac{1}{2}$) hour lunch period shall constitute a shift and any time worked during the lunch period, which shall be at the mid-point of the shift, shall be paid for at the rate of time and one half. Should circumstances require, the lunch period may be adjusted to thirty (30) continuous minutes between one-half ($\frac{1}{2}$) hour before and one-half ($\frac{1}{2}$) hour after the regular lunch period. Shift work from Sunday Midnight to Friday Midnight shall constitute a regular week's work and any time worked from Friday Midnight to Sunday Midnight, or in excess of regular shift hours, shall be paid for at the applicable overtime rate specified in Section 3 of Article 9. On a two-shift job no more than one (1) hour shall elapse from the ending of the first shift and the beginning of the second shift. There shall be no time allowed between shifts on a three-shift job. The rate of pay for the second shift shall be fifty cents (\$.50) per hour above the regular rate, and the rate for the third shift shall be fifty cents (\$.50) per hour above the regular rate.

Section 3. If a special shift is required by an owner and if the Employer is required to perform work which cannot be performed during regular working hours, employees may, with prior notification by the Employer to the Business Manager, work a special shift and receive \$1.50 per hour over the base rate for eight (8) hours' work, plus thirty (30) minutes' unpaid lunch after the fourth (4th) hour. No employee may work on a special shift if he has performed bargaining unit work that day during the regular working hours. The Employer's request for this special shift must

include the starting date, the approximate number of employees involved, and the estimated conclusion date. Other terms and conditions may be agreed to between the Business Manager and the Employer.

ARTICLE 11 HOLIDAYS

Double time shall be paid for all work performed on Sunday and the following seven holidays:

New Year's Day
Fourth of July
Memorial Day
Labor Day

Thanksgiving Day
Veterans Day (to be celebrated the
day after Thanksgiving)
Christmas Day

No work shall be performed on Labor Day except to save life or property. When the holiday falls on Sunday, it shall be observed on Monday. If a holiday falls on any day other than a Sunday, it shall be celebrated that day.

ARTICLE 12 REPORTING

Section 1. Call-In Pay and Reporting for Work: All employees who report for work unless ordered not to report by the Employer or his representative shall receive two (2) hours' pay. Employees shall report to the foreman and, if so directed, they shall remain on the job for two (2) hours. Reporting time on overtime days shall be paid at the overtime rate.

If an employee starts to work in the morning, he shall receive a minimum of four (4) hours' pay provided, however, that there is no shutdown on account of weather conditions or breakdown of equipment. In this case, the employee shall be paid for actual time worked beyond the minimum two (2) hours.

If any employee is permitted to work after the four (4) hours, he shall be paid for a full eight (8) hour shift at the applicable rate for that day or shift, provided, however, that there is no shut-down after the four (4) hours on account of weather conditions or breakdown of equipment; in this case the employee shall be paid for the time worked after the first four (4) hours. Any employee who quits on a job during any work shift shall be paid only for the time worked and the Employer may exercise his option to require the employee to wait until the regular pay day to receive his wages.

If the Employer chooses the option of four (4) ten (10) hour days, any employee that starts to work shall receive a minimum of five (5) hours pay provided there is no shut down because of weather conditions or breakdown of equipment. If any employee works after five (5) hours, he shall be paid for a full ten (10) hour shift provided there is no shut down after five (5) hours because of weather conditions or breakdown of equipment. If work is shut down because of weather conditions or breakdown of equipment the employee shall be paid for time worked.

Section 2. Nothing in this Agreement shall preclude the Employer or his foreman from stopping an employee from coming to work at any time so long as the employee is notified in adequate time before leaving his place of residence. The distance the employee has to travel to the job shall be taken into consideration along with an understanding with the employee as to the time he usually

leaves for work. Employees may be notified either in person or by telephone. It will be the responsibility of the Employer or his foreman to obtain the address and telephone number of his employees covered by this Agreement for the purpose stated above, and those employees who cannot furnish an adequate way of contact shall sacrifice their rights for show-up time pay. Two (2) hours' pay will be paid for reporting on request and not hired or worked on that day, except where the Employer has not been furnished sufficient information from which to give the individual reasonable notice of the withdrawal of the Employer's work request.

Section 3. If on the first day of employment, an employee starts to work he shall receive eight (8) hours' pay, provided there is no shut down on account of weather conditions or breakdown of equipment, in which case the employee shall be paid as any other employee as provided in Section 1 of this Article. If the Employer determines the said new employee is incapable of performing the assigned work, he shall receive pay for time actually worked, provided the Employer notifies the Union in writing of the employee's lack of skill.

ARTICLE 13 CHANGING MACHINES

Section 1. There shall be no limit as to the number of machine changes made by an Operating Engineer.

Section 2. It is agreed if in changing machines the rate of pay for one machine is higher than the other, the employee shall be paid the highest rate for that day. It is agreed that no employee will be allowed to change to a machine that another employee has been employed to operate. When a change is made the employee shall indicate which machine he claims preference on.

Section 3. Any employee who is laid off may claim preference on the machine he was employed to operate for a period not exceeding three (3) days provided he does not register for work with the Union Referral Office, and shall be recalled if that machine performs any work on that project prior to the end of three (3) days. At the time of lay-off, the Employer shall advise the employee if there shall be any work for that machine in the next three (3) days and the employee shall inform the Employer if he claims preference for the three (3) day period. Where lay-off exceeds three (3) calendar days, or if the employee reports out of work to the Union, the Employer may place another employee on that machine or he shall seek referral of an operator through the referral procedure.

Section 4. Any employee coming with leased or rented equipment shall be limited to the operation of that piece of equipment.

ARTICLE 14 MECHANIC HELPERS, FIREMEN, EQUIPMENT GREASERS

Section 1. Mechanic helpers shall be those employees who assist the mechanic in performing his duties. Mechanic helpers shall be provided for the mechanics when performing heavy and difficult work.

Section 2. Firemen shall be those employees who tend all boilers (of any size or type), space and material heaters when mechanically operated.

Section 3. There shall be a helper on all clam shells, draglines, all cranes, piledrivers, derricks, dual pavers, asphalt pavers (screedman), ditch machines (over 15" cutting width), auto-grade, formless paver, auto-grade placer and finisher or any other machine where the Local Union and Employer deem it necessary.

The operator of track-type backhoes/excavators shall be paid one-half ($\frac{1}{2}$) hour in addition to his regular hours for the greasing and maintenance of his machine, subject to the other terms of this Agreement. To be paid this additional one-half ($\frac{1}{2}$) hour, the operator shall prepare and start his machine prior to starting time. He shall grease his machine before start of the shift or after end of the shift or as mutually agreed to by his supervisor. If help is required, it will be an operating engineer.

No helper will be required on a slip form curb and gutter machine. If additional help is needed to operate the machine, such help will be an employee covered by this bargaining unit.

Only one (1) helper will be required to man the front spreader and the slip form paver in a single lane paving spread.

A helper need not be employed on cranes used in plant setups, or tractor-type backhoes such as Case, Ford, or similar types that have 210-degree swing or less or small trenching machine.

An oiler or helper on a job (except on concrete or asphalt plants) may be required to operate an unassigned piece of equipment once in the morning, not to exceed two (2) consecutive hours, and once in the afternoon, not to exceed two (2) consecutive hours.

Section 4. Helpers shall, if requested, start one-half ($\frac{1}{2}$) hour before the regular starting time to prepare his machine for the day's operation and in which case he shall quit work one-half ($\frac{1}{2}$) hour before the regular quitting time or be allowed one (1) hour for lunch period. He shall be allowed to eat lunch before or after the regular lunch hour in order that he may oil his machine while the operator is eating lunch and the machine is not in operation.

Section 5. Equipment greasers shall be those employees who grease and oil heavy grading equipment not covered by helpers. Equipment greasers shall be employed when ten (10) or more pieces of heavy grading or dirt moving equipment are placed in operation. The head equipment greaser shall be the employee who is in charge of the greasing operations. Equipment greasers and helpers shall be allowed to work off hours so long as they are allowed the same number of hours as that of the regular shift or operator who he oils for. In cases where an equipment greaser is not required, a bargaining unit employee shall do the greasing. If so directed, the operator shall do the greasing during his regular work shift with no additional pay.

ARTICLE 15 MECHANICS

Mechanics shall be those employees who are employed to repair and maintain the Employer's equipment. When a machine breaks down and repair work is begun thereon by the mechanic, the employee(s), assigned to the equipment shall be retained for the completion of that shift if the mechanic is working on the assigned piece of equipment. Otherwise, the employee(s) will be assigned to another machine.

The employee(s) need not be retained while the mechanic is performing work on a machine, unless the mechanic requires help.

In case of repair work, if a mechanic requires a helper, an operator will be required. Mechanics shall be retained the same hours as the shift works.

In case of fire or theft of the mechanic's tools, the Employer shall be responsible only for that amount over \$100.00 provided the employee has submitted an inventory listing to the Employer of all the tools prior to the loss. Tool inventories shall be updated upon Employer request. All claims must be accompanied by a police report.

ARTICLE 16 SHOP AND YARD WORK

The Employer recognizes the Union as the sole and exclusive representative of mechanics and operators assigned to perform work in temporary and permanent shops and yards. Mechanics and operators so assigned shall receive the wages, benefits and all other conditions of employment specified herein for employees. In the case of repair work, if a mechanic requires help, an operator will be required. Repair work performed on equipment operated by operating engineers, and repaired in the Employer's shop, is the craft jurisdiction of the Local Union.

ARTICLE 17 DEWATERING

Section 1. For the purpose of this Article, a dewatering system is defined as a combination of one or more pumps of any type, size or motive power, including but not limited to well point pumps, submersible pumps, well pumps, ejector or educator pumps in combination with wells, wellpoints, well screening sumps, piping, and/or other appurtenances powered by diesel, electric, gasoline, gas, or any other motive power to control water on any and all types of construction work.

Section 2. A dewatering system shall be installed and operated by operating engineers at all times that the dewatering system is being operated. The classifications listed in this Agreement shall prevail with the exception that no combination of oiler & pump man shall be allowed.

ARTICLE 18 MANNING OF CONCRETE PLANTS

Section 1. On all temporary or portable concrete plants, there shall be two (2) operators and one (1) oiler utilized to man the plant and all auxiliary equipment (except the loader) when the plant is being operated, except on small production days.

Section 2. On small production days, when the plant produces no more than 250 cubic yards, the plant and all integral auxiliary equipment (except the loader), may be manned by only two (2) operators. On such days the Employer will keep the oiler employed on other equipment, if possible.

**ARTICLE 19
MANNING OF ASPHALT PLANTS**

Section 1. On all asphalt plants, except drum mix, there shall be a plant engineer, a pugmill or console operator and a plant oiler to man the plant and all integral auxiliary equipment (except the loader) when the plant is being operated, except on small production days.

Section 2. On small production days, when the plant produces no more than 400 tons, the plant and all integral auxiliary equipment (except the loader) may be operated by a plant engineer and a pugmill or console operator. On such days the Employer will keep the oiler employed on other equipment, if possible.

Section 3. No oiler shall be required on drum mix asphalt plants. However, if help is needed it will be an Operating Engineer.

**ARTICLE 20
PAYMENT OF WAGES**

Section 1. The Employer shall pay wages weekly by payroll check or direct deposit, with written approval of the employee, and the payment shall be in full for the payroll period except for legal deductions for which the employee shall be furnished receipt or check stub showing such deductions. Pay day shall be no later than 4:30 P.M., and not to exceed five (5) days after the ending of the payroll period. Any employee laid off permanently or discharged shall be paid his wages immediately. However, an Employer who has maintained a business office within the jurisdiction covered by this Agreement for at least two (2) years, in the case of employee discharge or permanent lay-off, may have the option of mailing the Operator's final pay check to the home address provided by the employee within twenty-four (24) hours excluding weekends and holidays. In the event an employee is not paid within the time specified herein, waiting time at the straight time rate shall be charged until payment is made. Waiting time shall not exceed eight (8) hours in any one twenty-four (24) hour period. Payment of wages shall be made on the job site if the employee is working; if not, the payment may be made by mail only by permission of the employee affected or at the Employer's office, in which case the waiting time provision shall not apply.

Section 2. In the event payment of wages is delayed by conditions beyond the control of the Employer, waiting time shall be waived providing the Union office is notified of the delay and the cause thereof.

Section 3. In case of a bad check, the waiting time provisions shall apply which shall be limited to eight (8) hours of each working day, Monday through Friday, not to exceed forty (40) hours at regular pay for a calendar week.

Any Employer who fails to have sufficient funds in the bank to meet all paychecks issued to employees shall be liable also for the cost of collecting the amount due and the defaulting Employer is to be deprived of the right to pay by check.

Section 4. All deductions shall be furnished on detachable written record stub to each employee on regular pay day.

Section 5. It will not be a violation of this Agreement to take all economic actions available to enforce this Article against the Employer.

ARTICLE 21 JOB STEWARD

A Steward may be appointed for each job, one for each shift, where shifts are worked. They must see that all operating engineers, firemen, oilers, and helpers on the job are members of the Union in good standing, subject to the provisions of this Agreement in Article 2-C. They must see that all provisions of this Agreement are strictly enforced. Every employee must report to the steward before going to work for the first time. The steward on the day or first shift shall be the Master Steward. The Employer will not discriminate against the steward for the performance of his reasonable duties to the Local Union. It is agreed that the steward will not have the power to strike any job.

However, certain duties of a job steward may be worked out at pre-job conference and no job steward may be laid off without twenty-four (24) hours' notice to Local Union office so that either another steward may be appointed, or problems worked out so steward can be re-assigned.

ARTICLE 22 RIGHTS OF BUSINESS MANAGER OR BUSINESS REPRESENTATIVE

The Business Manager or Business Representative of the Union must be granted the privilege to visit any job at any time to consult with the steward on the job or to confer with the Employer or his representatives. Further than this there shall be no interference except for observation or in case of emergency or necessity. General consultations with employees, when desirable, shall be held before starting time, at noontime, or after quitting time.

ARTICLE 23 SAFETY REGULATIONS AND PROTECTION FOR EMPLOYEES

Section 1. It is recognized there are important roles to be performed by the employees, Union officials and management in the prevention of accidents and ensuring a safe and healthy working environment. The worksite should be maintained in a clean and orderly state so as to encourage efficient and safe operations.

It is important to succeed in this cooperative effort because it also is recognized that failure can mean emotional and financial hardship to the employee and a threat to the security of his family.

It is because of these mutual benefits that the employees, Union officials and management pledge to do all that is possible to maintain a safe, hazard-free working environment for all on the job, including initial and continuous training, regular inspections, establishment of emergency procedures and the commitment and cooperation of the parties to this Agreement.

Section 2. Personal Cell Phone and Other Communication Devices: The use of personal communication devices such as cellular phones and audible pagers is prohibited during work hours unless the company has provided such devices to the employee for business use only. Any employee carrying a non-company issued pager with an audible alarm must ensure the alarm is turned off during work hours. Employees must not make, return or receive calls on personally owned portable phones during work hours. Employees will have access to

communication devices for emergencies. Limited and TEMPORARY exceptions to this policy permitting the use of personally owned communication devices for ongoing personal emergency situations (such as imminent birth of a child) can be made only with the prior and continued approval of the employee's supervisor. Also excepted is the right to call the union representative on a contract violation, provided the call does not affect production and is done when the equipment is not running.

Section 3. Each Operating Engineer shall be required to successfully complete the Ten-Hour OSHA 500 Construction Safety and Health Course every three (3) years to maintain their safety awareness and competence. Employers may request referral of Operating Engineers who have completed the Ten-Hour OSHA Course and refuse, without penalty, Operating Engineers who have not completed the course.

Section 4. The Employer will provide non-prescription safety glasses, hard hats, and other OSHA-required safety equipment. All Operating Engineers shall be responsible for wearing appropriate safety gear such as boots, ear, eyes and head protection.

Section 5. The Employer shall provide reasonable heat and reasonable protection for his employees who are covered by this Agreement. Said protection shall include, but not be limited to umbrellas, heat houses, and protection from falling debris. An adequate supply of fresh water, properly cooled in season, along with disposable individual drinking cups, shall be made available at all times by the Employer in order that the health and physical welfare of their employees might be protected and they shall be allowed to avail themselves of the drinking water so supplied.

Section 6. A boatman shall be employed at all times when employees covered by this Agreement are working on or over water, on navigable streams and lakes where the Union and Employer deem it necessary to comply with safe practices.

Section 7. The Employer and all employees agree to abide by all federal, state, local and company safety policies. Failure on the part of an employee to comply with these safety rules and policies may be grounds for dismissal.

ARTICLE 24 ALCOHOL AND NON-PRESCRIPTION DRUGS

Section 1. Possession, sale or use of alcohol or non-prescription drugs on the Employer's property, site of construction or during the working hours regardless of the location shall be grounds for termination. Any employee who reports to work under the influence of alcohol or non-prescription drugs shall be subject to termination. "Non-prescription drugs" shall be defined as drugs which cannot be legally dispensed without a prescription and are not covered by a current valid prescription endorsed by a qualified physician for use by named employee in question. Employees working under this Agreement shall be subject to all necessary diagnostic medical testing for purposes of verifying compliance with this provision, when required by the Employer at the expense of the Employer.

Section 2. Provision for employee drug or alcohol testing will be outlined in Employer policy and procedures or as required in documentation by Project Owners. Drug and alcohol testing shall consist of, but not be limited to pre-employment, random, reasonable cause/suspicion, post-accident, injury or unsafe act. Employees refusing to consent to such testing shall be deemed to

have voluntarily quit.

Section 3. All drug and/or alcohol testing shall follow the procedures or future revisions outlined by the Department of Health and Human Services and/or the Substance Abuse and Mental Health Services Administration (hereinafter referred to as SAMHSA, formerly known as the National Institute of Drug Abuse [NIDA]).

Section 4. Personnel utilized for testing will be certified as qualified to collect samples and adequately trained in collection procedures. The laboratory selected to conduct the analyses shall be certified by the Department of Health and Human Services and/or SAMHSA.

Section 5. All drug screening tests shall be capable of identifying marijuana, cocaine, opiates (morphine & codeine), phencyclidine (PCP), and amphetamines (amphetamines, methamphetamine) or other drugs that may be specified by future SAMHSA direction.

Section 6. Test Results: Concentrations of a drug at or above the following levels shall be considered a positive test result when using the initial immunoassay drug screening test:

INITIAL TEST	LEVEL (ng/ml)
Level-Nanogram/Milliliter (hereinafter referred to as ng/ml)	
Marijuana metabolite.....	50
Cocaine metabolite	300
Opiate metabolite.....	2,000
Phencyclidine	25
Amphetamines	1,000

Concentration of a drug at or above the following levels shall be considered a positive test result when performing a confirmatory Gas Chromatography/Mass Spectrophotometry test on a urine specimen that tested positive using a technologically different initial screening method.

CONFIRMATORY TEST	LEVEL (ng/ml)
Marijuana metabolite.....	15*
Cocaine metabolite	150**
Opiates: Morphine	2,000
Codeine.....	2,000
Phencyclidine	25
Amphetamines/Methamphetamine.....	500***

*Delta-9-tetrahydrocannabinol-9-carboxylic acid

**Benzoylecgonine

***If methamphetamine, there must be >200 ng/ml of Amphetamines

Alcohol test levels at or above .04 shall be considered a positive test for safety-sensitive equipment.

Section 7. Employees taking prescription medication which, according to their physician, has physical or mental side effects which could cause impairment on the job site should report the medication to site supervision. Employees who report use of lawful medication as described above

shall not be disciplined for use of same.

Section 8. Any employee with test results of negative shall be compensated for all hours lost. If an employee has a confirmed positive test (s)he will: (1) be suspended without pay up to thirty (30) days, or as determined by established company policy; (2) agree to mandatory enrollment in a certified rehabilitation program at employee's own expense, with successful completion; and (3) agree to periodic follow-up drug testing for up to two (2) years after successful completion of rehabilitation program. A second positive or refusal to participate in a certified rehabilitation program after the first positive test shall result in termination of employment.

Section 9. Termination under this provision, including the circumstances surrounding the conduct of the drug or alcohol test, shall be fully subject to the arbitration provision of this Agreement

ARTICLE 25 PAYROLL DATA

It is agreed that the Employer shall make available for examination and inspection by the Business Manager or Business Representative of the Union any pertinent payroll information requested by the said Business Manager or Business Representative on any employee covered by this Agreement after any complaint made in writing to the Union.

The Employer agrees to certify in writing as correct the material made available to the Business Manager or Business Representative for inspection. No complaint shall be valid unless it is made within thirty (30) days after the alleged violation.

ARTICLE 26 PRE-JOB CONFERENCE

Every Employer who is or becomes party to this Agreement shall notify the Business Representative of the Union prior to the performance of any work properly coming under the jurisdiction of the Union; and the Employer shall inform the Business Representative of the nature and classifications of Operating Engineers estimated to be required on said project. The Employer shall meet with the Business Representative of the Union at a date, time, and place mutually agreeable for the purpose of holding a pre-job conference. Any questions concerning the application of this Agreement shall be resolved at such pre-job conference and the Employer shall make arrangements for the referral of engineers to the project in accordance with the contractual referral provisions.

ARTICLE 27 PENSION PLAN

Section 1. During the period May 1, 2022, through April 30, 2027, the Employer shall pay monthly into the Central Pension Fund of the International Union of Operating Engineers and Participating Employers, the amount as specified in Article 7, Section 2, for each hour paid for or worked in the preceding month by all employees covered by this Agreement. Said payments shall be made on the dates, in the manner and form, and in accordance with the rules and regulations as adopted by the trustees of said Fund. Negligence of the Employer in complying with this Article shall be deemed a direct violation of this Agreement. It shall not be a violation of this Agreement to take economic action available to enforce this Article.

Section 2. The Employer's obligation to make Pension contributions shall be expressly conditioned upon the Plan's continued qualification by IRS and conformance with ERISA. If discontinuation should happen, the negotiated fringe benefit for this Article shall revert to wages.

**ARTICLE 28
HEALTH AND WELFARE PLAN**

Section 1. During the period May 1, 2022, through April 30, 2027, the Employer shall pay monthly into the Operating Engineers Local 965 Health Benefit Plan the amount as specified in Article 7, Section 2, for each hour paid for or worked in the preceding month by all employees covered by this Agreement. Said payments shall be made on the date, in the manner and form, and in accordance with the rules and regulations as adopted by the trustees of said Fund. Negligence of the Employer in complying with this Article shall be deemed a direct violation of this Agreement.

Section 2. If contributions are not made by the 15th of the month for the preceding month and employee was not eligible to receive benefits because of non-payment, the Employer shall be liable for any claim that may arise on account of such non-payment. It shall not be a violation of this Agreement to take any economic action available to enforce this Article.

**ARTICLE 29
APPRENTICE TRAINING AND RETRAINING**

Section 1. The parties hereto have accepted and do accept the terms and conditions of the Agreement and Declaration of Trust establishing the Operating Engineers 965 Apprentice Training and Retraining Fund.

Section 2. During the period May 1, 2022, through April 30, 2027, the Employer shall pay monthly into the Operating Engineers Local 965 Apprentice Training and Retraining Fund, the amount specified in Article 7, Section 2, for each hour paid or worked in the preceding month by all employees covered by this Agreement. Said payment shall be made on the dates, in the manner and form, and in accordance with the rules and regulations as adopted by the Committee. Negligence of the Employer in complying with this Article shall be deemed a direct violation of this Agreement.

Section 3. All parties governed by this Agreement will train Apprentices in accordance with and comply with the provisions of the Apprenticeship Standards adopted by the Joint Operating Engineers Apprenticeship and Skill Improvement Committee for Central Illinois. The ratio of apprentices to journeymen shall not exceed 1-4, unless otherwise determined by the Committee to meet special conditions.

Section 4. Apprentices shall be paid the following percentages of wage rate (plus fringe benefits set out in the wage scale Article) for Classification #1 provided in the Collective Bargaining Agreement in effect between the Employer and Local 965 of the International Union of Operating Engineers:

First period.....	70%
Second period	75%
Third period	80%
Fourth period	85%
Fifth period.....	90%
Sixth period.....	95%

**ARTICLE 30
SUPPLEMENTAL DUES CHECKOFF**

Upon receipt of an employee's written authorization, which shall be irrevocable for not more than one (1) year, or the termination of the Agreement, whichever occurs sooner, the Employer shall deduct from such employee's wages Union dues in the amount as specified in Article 7, Section 2. The Employer shall remit same to and as directed by the duly authorized representative of said Union together with a list of the names of employees from whose pay deductions were made. Such a written authorization may be revoked by the employee by written notice by Certified Mail to the Employer and the Union during the ten (10) day period prior to the end of any applicable yearly period, or during the ten (10) day period prior to the termination of any applicable bargaining agreement, whichever occurs sooner. In the absence of such revocation, sent and received in accordance with the foregoing requirements, the authorization shall be renewed for an additional yearly period or until the end of the collective bargaining agreement, whichever occurs sooner.

**ARTICLE 31
DOWNSTATE INFRASTRUCTURE AWARENESS AND ADVANCEMENT FUND**

Section 1. The Employer and the Union shall establish a joint labor/management Board of Trustees which shall oversee a fund known as the Downstate Infrastructure Awareness and Advancement Fund. The aforementioned Board of Trustees shall be comprised of an equal number of Employer and Union Trustees. Its purpose shall be to educate and support elected officials who support issues important to downstate's infrastructure. During the period May 1, 2022, through April 30, 2027, the Employer shall pay monthly into the Downstate Infrastructure Awareness and Advancement Fund (DIAAF) the amount as specified in Article 7, Section 2, for each hour paid for or worked in the preceding month by all employees covered by this Agreement.

Said payments shall be made on the date, in the manner and form, and in accordance with the rules and regulations as adopted by the trustees of said Fund. Negligence of the Employer in complying with this Article shall be deemed a direct violation of this Agreement.

Section 2. It is the intent of the Downstate Infrastructure Awareness and Advancement Fund to establish guidelines that if any local Union participating in this fund is merged with another local Union outside the participating PAC local Unions, that the Union shall be notified that its participation may be terminated at the discretion of the trustees of the fund based on the original fund documents established by the trustees of said fund. All contributions on behalf of merged Local shall remain as part of this fund.

**ARTICLE 32
LOCAL 965 ANNUITY FUND**

Section 1. During the period May 1, 2022, through April 30, 2027, the Employer shall pay monthly into the Operating Engineers Local 965 Annuity Fund the amount as specified in Article 7, Section 2, for each hour paid for or worked in the preceding month by all employees covered by this Agreement. Said payments shall be made on the date, in the manner and form, and in accordance with the rules and regulations as adopted by the trustees of said Fund. Negligence of the Employer in complying with this Article shall be deemed a direct violation of this Agreement.

Section 2. If contributions are not made by the 15th of the month for the preceding month and employee was not eligible to receive benefits because of non-payment, the Employer shall be liable for any claim that may arise on account of such non-payment. It shall not be a violation of this Agreement to take any economic action available to enforce this Article.

Section 3. The Employer and the Union agree that the annual pension fund contribution established by the trustees of the Central Pension Fund of the International Union of Operating Engineers will be met annually before any increase in contribution is made to the annuity fund.

**ARTICLE 33
IUOE NATIONAL TRAINING FUND (NTF)**

The employers signatory to and bound by this agreement hereby agree to make contributions to the International Union of Operating Engineers National Training Fund in the amount of \$.05 (five cents) per hour for each hour paid to all employees whose compensation is covered by this agreement.

Each employer agrees to transmit and pay the amount of contributions due to the National Training Fund to the local union fringe benefit fund administrator, under the same terms and at the same time as the other local union fringe benefit fund contributions are made under this agreement.

Each employer signatory or otherwise bound to this agreement agrees to become party to the current Agreement and Declaration of Trust Establishing the International Union of Operating Engineers National Training Fund and further agrees to be bound by the Agreement and Declaration of Trust and any amendments adopted thereto. Each employer further agrees to be bound by all rules, regulations and procedures adopted by the Board of Trustees of the International Union of Operating Engineers National Training Fund, together with all actions taken by the Board of Trustees within the scope of its authority. Each employer also authorizes the parties to the Agreement and Declaration of Trust to appoint trustees and successor trustees and hereby ratifies and accepts the trustees so appointed.

**ARTICLE 34
Industry Advancement Fund (IAF)**

Effective May 1, 2022, the Employer agrees to pay the Associated General Contractors of Illinois Industry Advancement Fund (IAF) the sum of twenty cents (\$.20) per hour worked for all hours paid at straight time or overtime to each employee working under this agreement.

The contributions to the IAF shall be deposited each month to the depository chosen by the Trustees of the Local 965 Health & Welfare Plan. Such contributions shall be made on the form in the same manner as all others and shall be subject to all rules and regulations, including penalties and liquidated damages as determined by the Trustees.

The activities of the IAF shall be determined by the Association and shall be financed from the payments herein provided for.

Upon request, the EMPLOYER hereby agrees to provide the designated representative of the Association its payroll records to determine compliance with this Article.

ARTICLE 35 WORKERS' COMPENSATION PROGRAM

The Employer and the Union agree that, should the State of Illinois adopt the Illinois Statewide Collectively Bargained Workers' Compensation Program during the term of this agreement, that said agreement can be opened for negotiations solely for the purpose of modifying this article.

ARTICLE 36 PROTECTION OF RIGHTS

It shall not be a violation of this Agreement and it shall not be cause of discharge if any employee or employees refuse to go through an authorized picket line of this or any other Union. Nor shall the exercise of any rights protected by law be a violation of this Agreement.

ARTICLE 37 INDEMNIFICATION

Employees shall be indemnified by their Employers against any claim or suits made against them for bodily injury, death, or property damage while said employees are working without willful negligence within the scope of their employment. The responsibility for indemnification shall be on the individual Employer only.

ARTICLE 38 BONDING

Section 1. For cause, unless waived by mutual agreement between the Employer and the Union, any Employer who has not maintained a business office within the jurisdiction covered by this Agreement for at least one (1) full year immediately preceding the execution of this Agreement or has previously been delinquent in the payment of fringe benefits (providing said Employer was required to report fringe benefits) necessary, for a period of thirty (30) days, shall obtain and maintain during the term of this Agreement a surety bond in the amount of Fifty Thousand Dollars (\$50,000.00) to guarantee to his employees working under this Agreement the payment of wages and fringe benefits, including Pension Plan, Health and Welfare Plan, Apprentice Training and Retraining Fund, Supplemental Dues Check-Off and Political Education Fund Check-Off payments.

Section 2. In the event of failure, default or refusal of the Employer to meet his obligations to their employees or the Pension Plan, Health and Welfare Plan, Apprentice Training and Retraining

Fund when due, the aggrieved Union employees or the Trustees of the Pension Plan, Health and Welfare Plan, Apprentice Training and Retraining Fund or the Joint Negotiating Committee when pertaining to Supplemental Dues Check-Off and Political Education Fund Check-Off, after written notice to the Employer and bonding company, may file claim to obtain payment, costs and reasonable attorney's fees there from of the applicable surety bond.

Section 3. Failure of an Employer to obtain and maintain an effective surety bond as required herein, or failure and default by an Employer of payment of obligations covered by this Agreement in excess of the amount of the surety bond may, at the option of the Union, be declared by the Union a gross breach of this Agreement in consequence of which the Union shall have the right to resort to economic and other sanctions against the said Employer. Bond shall remain in full force and effect for a period of ninety (90) days after job completion.

ARTICLE 39 UNFAIR COMPETITION

Section 1. When signatory Employers are bidding against Employers who do not observe the same terms and conditions contained herein, the signatory Employer may request any adjustments deemed necessary to make him competitive.

Section 2. The Business Manager may approve such adjustments he considers appropriate; however, he shall not have authority to approve any wage or fringe benefit adjustments except in cases where other trades involved have agreed to adjustments, such as in a Project Agreement.

Section 3. The adjustments agreed to shall be reduced to writing and signed by both parties.

ARTICLE 40 MARKET RECOVERY

When bonafide non-union and/or non-signatory competition is bidding against the Employer, the Employer agrees to employ bargaining unit employees and the following shall supersede the contrary provisions in the Agreement.

1. There shall be no manning requirements on such projects, except that Operating Engineers shall do all work within their jurisdiction. Machine preference shall be recognized to the point that an operator will not be replaced on his assigned piece of equipment on a rain day, unless in case of an emergency.
2. The wages for work shall be as set forth in the project contract document for the duration of the project, up to and including twenty-four (24) months time from the commencement of work, except Health & Welfare contributions shall be as specified in the Agreement.
3. All overtime shall be paid in accordance with all applicable state and federal laws in all cases.
4. The provisions of Article 12 shall apply, except that one and one-half (1½) hour reporting time shall be paid instead of two (2) hours.
5. No premium pay shall be required, except that the additional one-half (½) hour's overtime

set forth in Article 14 of the Agreement shall be paid to operators of cranes or backhoes running without oiler/helpers. However, the operator will work this one-half (½) hour and have the machine ready for the regular shift.

6. If the Employer and the Business Representative of the Union cannot find available and competitive signatory subcontractors, then the Business Manager may allow the Employer to subcontract on-site construction work covered by this Agreement to firms that provide an economic package equivalent to and not less than the total economic package prevailing in this Agreement.

ARTICLE 41 IUOE 965 POLITICAL EDUCATION FUND (PEF) VOLUNTARY CHECK-OFF

Each employee or Union shall first provide to the Employer a properly signed (PEF) voluntary check-off authorization form after which the Employer shall deduct from the established wage rates \$.10 per hour for each hour worked as set forth in Article 7.

The Union shall indemnify and hold harmless each Employer against any liability in the event that it is determined by any board, court or tribunal of competent jurisdiction that such deductions and payments are improperly or illegally made. The Local Union will maintain current dues check-off and PEF authorization forms for each person referred to the Employer. Signatory contractors are entitled to view check-off authorization forms of workers they hire or can request copies of the same by facsimile or mail.

The costs of administering this payroll deduction for IUOE/PEF are incorporated in to the economic package provided under the terms of this Agreement.

ARTICLE 42 COMPLETENESS OF AGREEMENT

Section 1. All understandings, agreements, and undertakings of the parties hereto touching on the subject matter hereof are embodied herein, and none of the parties shall be affected, during the existence of this Agreement, by any rules, regulations, or understandings touching on the subject matter of this Agreement, whether oral or written, which are not expressly incorporated herein.

Section 2. Any part of this Agreement found to be in conflict with any State or Federal Law, by a recognized and competent Court or Board, shall be immediately renegotiated by the interested parties hereto, in accordance to the finding of such Court or Board.

**ARTICLE 43
PERIOD OF AGREEMENT**

This Agreement shall be in full force and effect from May 1, 2022, through April 30, 2027, and shall remain in effect from year to year thereafter, unless objections are made by Certified Mail by one or more of the interested parties at least sixty (60) days prior to the expiration date as set forth above or the yearly expiration date thereafter.

IN WITNESS WHEREOF, the parties hereto have affixed their signatures which officially bind said parties under the provisions of this Agreement.

SIGNED this 12th day of April, 2022, at Springfield, IL.

LETTER OF UNDERSTANDING

This Letter of Understanding is applicable to the Agreement by and between the Associated General Contractors of Illinois and International Union of Operating Engineers Local Union 965 effective May 1, 2022 and expiring April 30, 2027.

WHEREAS, the AGC of Illinois and International Union of Operating Engineers' Local 965 realize that the efforts to recover the market in the private industry have fallen short of its intended goal, and

WHEREAS, the AGC of Illinois and International Union of Operating Engineers' Local 965 realize that non-union construction firms continue to grow, thereby enabling them to seek larger projects, and

WHEREAS, the AGC of Illinois and International Union of Operating Engineers' Local 965 realize that if this threat continues to spread it threatens the existence of the unionized construction industry and that a successful counterattack to this threat must be a team effort between employers and unions;

THEREFORE, BE IT RESOLVED that AGC of Illinois and International Union of Operating Engineers' Local 965 will participate in a Labor/Management Committee and each will seek out other employers and crafts to participate on this Committee. This Committee's purpose will be to explore avenues to counter the intrusion of non-union construction firms in the Central Illinois market by considering ways to make signatory contractors more competitive in public and private work as well as looking for greater employment opportunities for Local 965 members.

FURTHER, this Committee shall meet on an "as needed" basis but in no case less than one time in a twelve (12) month period. Either party may request a meeting.

Signed this 12th day of April, 2022.
